Most papers and canvases fall into this price structure. I like to use Arches bright white hot press watercolor paper. Some other special papers are 16.00/sq. foot. Prices are for the paper size, 1/4"-1/2" border is standard. You can specify any size border (borderless possible with some papers). 2" border on canvases for wrapping is standard. Smaller images can be printed as multiples on single sheets.

State of the art Epson 9900 large format printer and UltraChrome HDR (high dynamic range) inks for maximum tonal range, accuracy and longevity.

DIGITAL CAPTURE

Digital capture includes CD/DVD, color correction, an 8.5 x 11 reference proof and archiving (if desired). Disk will have 3 files per image. A large TIFF (master file), medium JPEG (most printing needs) and a small JPEG (web/e-mail).

Quantity discounts available, considerable savings by having more than one captured at a time.

50.00	up to 30" either dimension
75.00	31" to 48" either dimension
125.00	over 48" either dimension
